

# Ant-Man and the Wasp

(Marvel, 2018)

Scott pretends to be s\*. He jokes about it with his daughter near the beginning of the movie and says “we can eat ice cream until we p\*.” Then he mimes it with playing cards.

There is a part where the cops visit him in his house and his daughter is talking about how s\* he is. He comes out of the bathroom and talks to them then he goes back in and makes triggering noises to keep up the act.
