

# The Kissing Booth

(Netflix, 2018)

Slightly over 31 minutes in, Noah tells Elle that she t\*u\* on her dress.

About 33 minutes in, after Lee tells Elle that she told everyone Noah and the OMGS would do the booth, Elle says she felt like she would p\* her liver out.

I've heard that during the credits there is a triggering blooper. I stopped the movie as soon as the credits started so I'm not sure what it is. But I think there is a visual trigger.
