About 2 mins 15 seconds in Sammy says she is going to t*u*

Around 11 minutes and 22 seconds in Zach is sick in the bathroom while Sammy is singing Blueberries. The scene starts with Zach and Sammy sitting in chemo and then Sammy starts singing. Then a second later it abruptly turns into a montage with Zach very s* in a bathroom. It shows it while she's singing as a montage so they give no warning as they switch scenes to him being sick (he's sick at 11:20, brushes teeth, and is sick again at 11:33) all while Sammy's voiceover is singing.

About 17 minutes and 39 seconds in someone spits while brushing their teeth, which could be a triggering visual.

About 38 minutes and 41 seconds in Sammy says b* but as a joke "if you say that again i'm gonna b* on your blanket" then she pretends to do it.

1 hour and 19 minutes in Zach writes song lyrics on an airplane airs* bag and his mom asks if he's going to be s*.
