

Chicken Little

(Disney, 2005)

About 40 minutes and 30 seconds in Runt, Abby, and Chicken Little enter the UFO. As they are walking they see some yellow eyeballs in a container. Runt puffs up his cheeks and makes a noise like he's going to v*. A couple minutes later Abby asks Runt where his bag is, he breathes into it and chokes on it, and the noises here could be triggering.
