

Birds of Prey

(DC, 2020)

Towards the beginning of the movie (I didn't catch the exact time stamp but I think around 6 minutes in) Harley v*s into a purse. Look away or fast forward when she's in the club and time starts speeding up in a montage.

I also want to add that this movie has some gory moments that made me a little uncomfortable. Like blood coming out of someone's mouth. So just be cautious.
