

# Trolls

(Dreamworks, 2016)

This movie does not contain any actual v\* but it does have a couple quick moments that could maybe be triggering.

About 1 hour and 1 minute in while the Trolls are escaping on the rollerblade, the gem containing Creek flies out of their grasp and into the King's pet's mouth. He makes a sort of gagging noise, and then when he runs into the wall he makes another noise that could be triggering.

Then about 1 hour and 3 minutes in Creek says he had a spiritual awakening and the scene cuts to when King Gristle was about to eat him. Creek says, "I don't wanna die!" and King Gristle spits him out. This could be triggering as there is some audio and some food comes out of his mouth with Creek.
