

The Emperor's New Groove

(Disney, 2000)

About 47 minutes and 42 seconds in, the waitress brings Kuzco and Pacha their food. When she leaves Pacha opens his bug and says "oh boy!" Kuzco looks at him in disbelief and makes disgusted noises. After the one where he sticks out his tongue and says "bleh", his cheeks puff up and he covers his mouth and makes a sound.

About 56 minutes in, Kuzco attempts to eat grass. After he swallows it he sticks his tongue out, with little grass pieces on it, and says, "bleh". This noise could be triggering.
