This was submitted.

Around 10 minutes into the movie, Lord Garmadon enters Ninjago and says “what’s my name?” and a man sp\*ts out his food. This happens again five seconds later and another five seconds later a baby sp\*ts out their milk. Although it’s just Lego bricks it may be triggering for some.

Around 39 minutes in Jay (the blue ninja) says “I’m gonna t\*u\*” but nothing happens. This happens again at 58 minutes and 30 seconds in.

Around 1 hour and 6 minutes Lloyd loses his arm and Lord Garmadon says “I’m gonna p\*” and then he g\*s. Nothing happens.

Around 1 hour and 28 minutes in Lloyd finishes talking to the cat that has eaten Lord Garmadon. The cat sp\*ts him out. There is a faint sound and visuals, but no v\*.
