

# Lemonade Mouth

(Disney Channel Original Movie, 2011)

After the band sings “Turn Up the Music” and Ms. Reznick starts talking about how good they are together, they all start to say why they can’t be a band. Olivia says she can’t sing in front of people. She says “no, no, trust me it wouldn’t be pretty. Last time I performed onstage was my first grade recital and five minutes into Bah Bah Black Sheep I t\*u\* down Mickey Nichols back.”

A few minutes later in the pizza place, after Wen says Olivia’s song was amazing she says “it was nothing, I...I think Im going to be s\*” but nothing else happens.

At the Halloween Bash about 52 minutes in, the band is wondering where Olivia is because they are performing in ten minutes. The AV Club guy says he thinks Mudslide is sabotaging them. Mohini says “it doesn’t matter, we can’t go on without a lead singer.” The AV Club guy responds and says “who Olivia? She ran through here a couple minutes ago, that way. Looked like she was gonna h\*.” The band goes to the bathroom to find her. The scene cuts to Brenigan, Scott, and Ray talking about Mudslide Crush having a second set ready. Brenigan talks to Ms. Reznick. The scene cuts back to the band. They find Olivia in a bathroom stall. Wen talks to her through the door and she sounds out of breath. We then see her inside he stall and she's bent over, sweating, and out of breath. She holds her stomach and says “its probably not the best idea for me to actually go out there, you know, physically” and grabs her stomach. So its implied that she was s\* but nothing is shown or heard.

The rest of the movie is safe!
