

# Heathers

(New World Pictures 1988)

About 11 minutes in, the girls are seen in the bathroom where they talk about Heather Duke making herself v\*.

About 20 minutes in, Veronica is at a party where she tells Heather Chandler she feels s\* and is about to t\*u\*. Her cheeks puff up and her head ducks below the camera. Detailed audio is heard. She then pulls her head backup and p\* is on her face. The two girls go outside where they use possible trigger words and phrases in their conversation.

About 25 minutes in, Veronica and JD can be seen in Heather Chandlers kitchen where they use possible trigger words and phrases in their conversation.

Throughout the rest of the movie, references are made about Heather Duke making herself v\* and when Veronica got s\*. I wouldn't suggest you watch this movie if you are triggered by talk of v\*ing.
