

The Mitchells vs the Machines

(Netflix, 2021)

Around 17:40 there is audio but not really visual. The characters backs are turned. It happens quickly after Katie says the place got zero stars on Yelp.

Around 23:47 Katie and Aaron are watching a video on her phone in the car of their dog. There is audio and visual (but it's an object coming out of his mouth).

Around 25:50 the mom is looking at pictures and one is of the dad from the first triggering scene mentioned. Moment before is shown in the picture.

Around 1 hour and 16 minutes in the dog is dressed for a video and says "consider this my letter of resignation" and then v*s a badge. There is audio.
