

Spies in Disguise

(Blue Sky, 2019)

Around 28 minutes in, Lance thinks he's been poisoned and goes into the kitchen. He makes himself g* at the sink.

Around 41 minutes in, Lance is eating off the ground and another pigeon t*s u*, then two minute later the same pigeon t*s u* the hotel key card.

Really anytime this pigeon shows up there is a trigger.

Around 48 minutes in, around when Marcy breaks into the room she looks like she's going to be s* and Kimura does too. This audio could be triggering.

Around 50 minutes in, the same pigeon from the hotel card basically t*s u* everywhere and the visual could be triggering.
