

# Wreck-it-Ralph

(Disney, 2012)

About 1 hour and 2 minutes in, Ralph and Vanellope are leaving her home with their new cart. Vanellope says “Come on Ralph! This is it! This is really happening! I almost don’t believe it. I have dreamt about it for so long! And now I...I might p\* actually. I mean I think I might p\*. You know like a vurp. V\* and a burp together.” But nothing actually happens, its just sort of a gross thing to say.
